## WORK COMP PRESCRIPTION BILLING & COMMERCIAL CLAIM ADJUDICATION

ClaimPay offers prescription billing programs that will maximize revenue for your practice, while reducing costs and hassle for your organization and your patients. In fact, you can generate a new source of profit and cash flow to help offset declining reimbursements with ClaimPay's full suite of Pharmaceutical A/R Services. We can customize a Billing Program that will best suit your organizational needs with a selection of both Collection Models and Factoring Models available.

### **Services Include:**

- ▲ Electronic prescription claim processing and tracking to ensure timely payment
- ▲ Real-time adjudication through payer approved channels to accelerate revenue cycles
- ▲ Partnerships with commercial and workers compensation insurance providers
- ▲ National PBM Workers Compensation Contracts that will minimize your 'Do Not Dispense' list
- ▲ Billing and collection specialists assigned to your account who have the experience and knowledge in working with multi-state billing requirements and guidelines
- ▲ Formulary optimization
- ▲ Reporting and forecasting tools to know when payments are anticipated, as well as research and follow up on all outstanding claims
